# PRODUCT PORTFOLIO

## SLABS & BLOCKS

Categories: Travertine, Marble, Onyx, Granite, Limestone, Basalt, Crystal (Iranian white marble).

# MARBLE

Iran is richly endowed with marble resources, which enables us to supply a wide spectrum of colors and qualities directly from the country's leading quarries and factories.

Leveraging this advantage, we ensure consistent quality, competitive pricing, and reliable delivery for our international clients.

In the images presented, you can see some of the finest and most renowned types of marble in the world, including **Dehbid Marble**, **Persian Scato Marble**, and the unique **Orca Marble**, which is considered a truly distinctive stone.

# TRAVERTINE

In this collection, you will find some of the most sought-after types of Iranian Travertine, known worldwide for their beauty and durability.

**Cream Travertine** is admired for its timeless elegance and versatility, making it suitable for both classic and modern projects.

**Silver Travertine**, with its subtle gray tones, brings a touch of sophistication and harmony to any design.

**Rainbow Travertine** is one of the most distinctive varieties, showcasing natural waves of vibrant colors that create a truly unique visual effect.

With such diversity, our travertine selection can meet the needs of the most demanding architectural and design projects.

If you need any type of Travertine, we are your reliable partner.

# ONYX

This gallery highlights some of the most exclusive types of Onyx marble, renowned for their translucency and luxurious appearance.

**Esmeralda Onyx**, with its deep green hues, represents elegance and grandeur.

**Pink Onyx**, soft and graceful, adds warmth and refinement to interior spaces.

**Orange Onyx**, with its bold and vibrant tones, is a rare stone that creates a striking statement in any design.

These unique onyx marbles any so many others we can supply, are highly valued in international markets for luxury projects and decorative applications.

# GRANITE

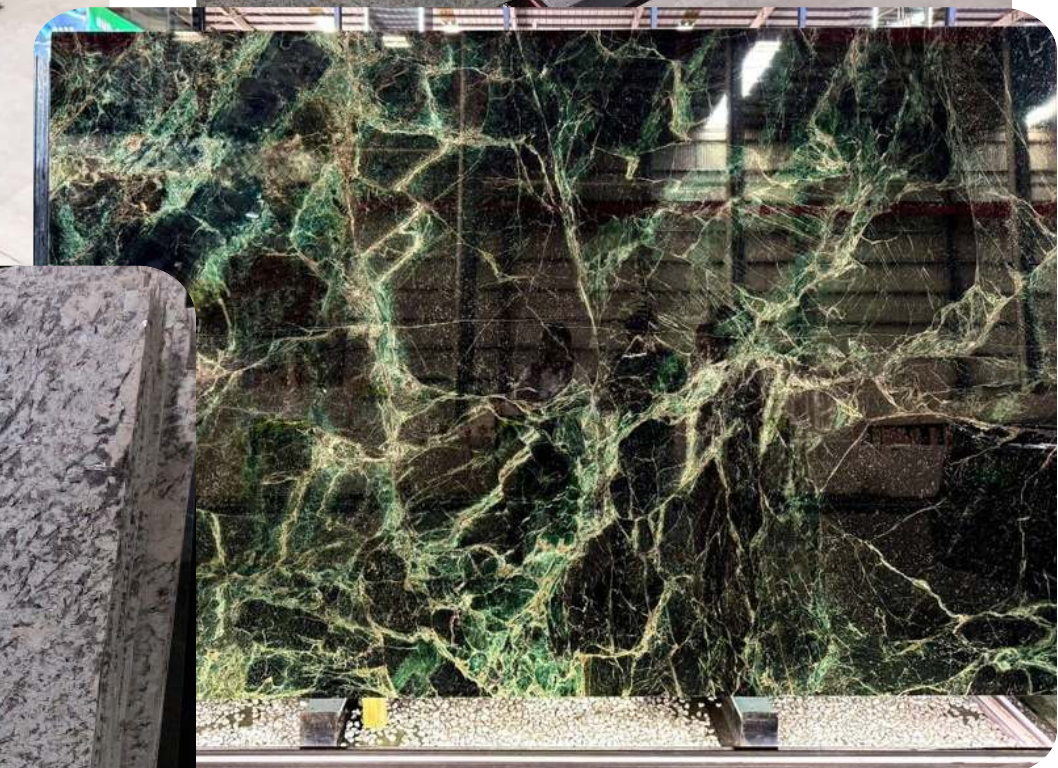

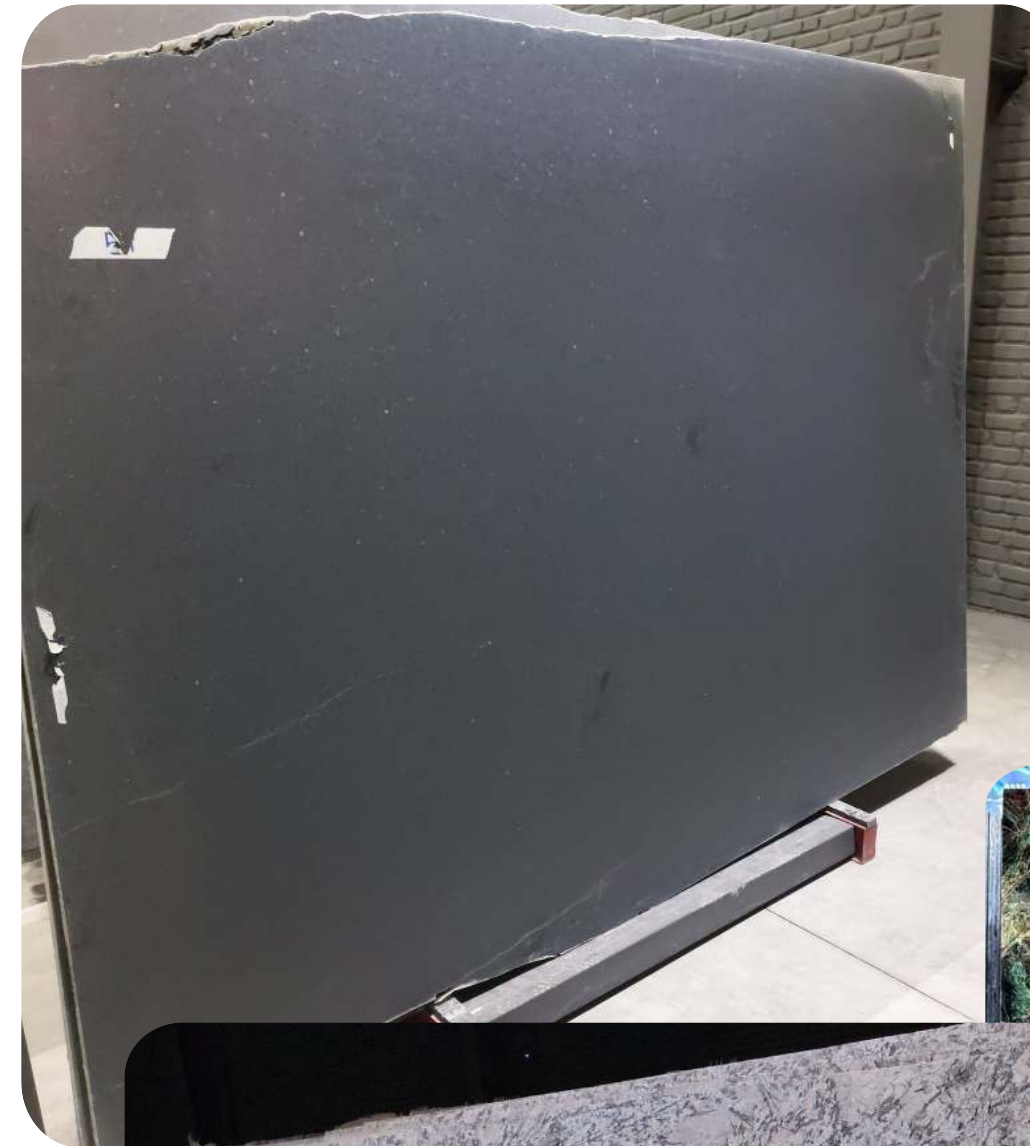

Granite is known worldwide for its exceptional strength and durability, making it a preferred choice for both indoor and outdoor applications.

**Royal Green Serpentine Granite**, with its rich green tones, is a symbol of natural beauty and elegance.

**Black Granite** is classic and timeless, offering unmatched depth and sophistication. **Turquoise Granite**, with its rare and vibrant shades, is one of the most eye-catching stones for unique design projects.

**Delicato Granite** is a refined natural stone admired for its elegant light background enhanced with delicate patterns, offering both strength and timeless beauty for luxury design projects.

Our granite selection combines durability with unmatched aesthetics, making it ideal for premium architectural projects.

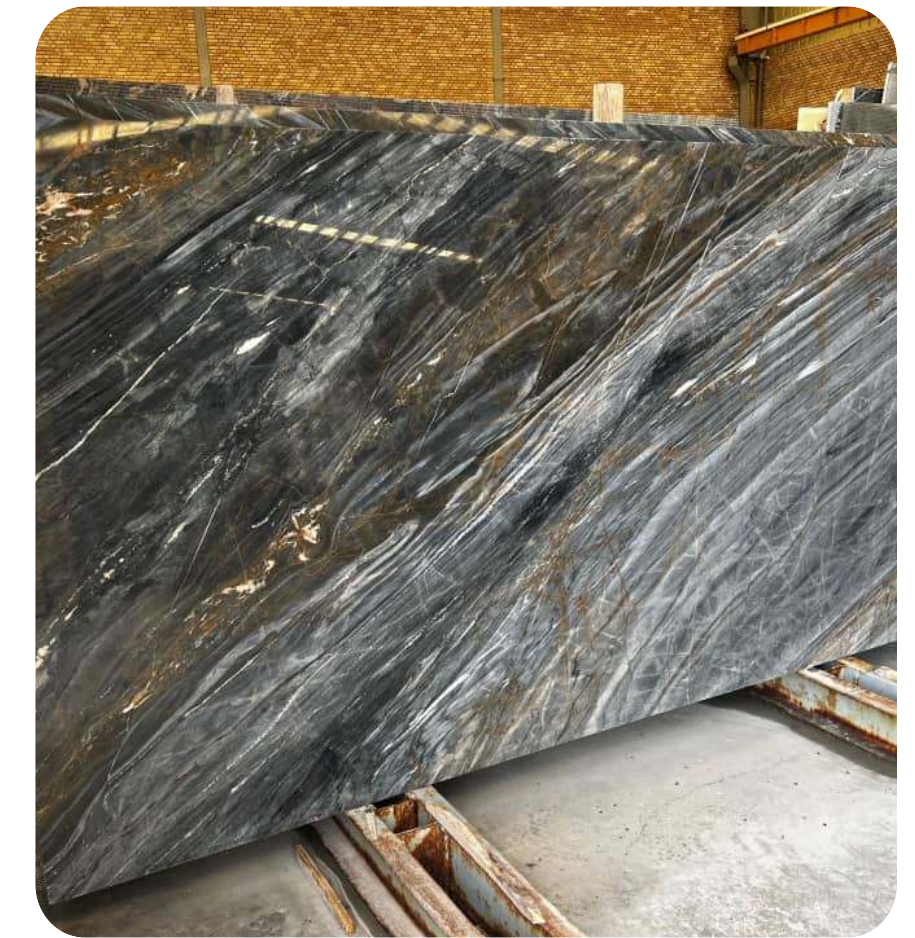

# CRYSTAL

In this section, we present a variety of Iranian Crystal stones, also known as white marble with crystalline structures, appreciated for their purity and brilliance.

**Nila Crystal** features fine textures and soft tones, making it suitable for minimalist and modern designs.

**Aurora Crystal** stands out with its elegant patterns and distinctive light reflections. **Aligudarz Crystal**, one of the most famous in Iran, is recognized for its exceptional brightness and versatility in both traditional and contemporary architecture.

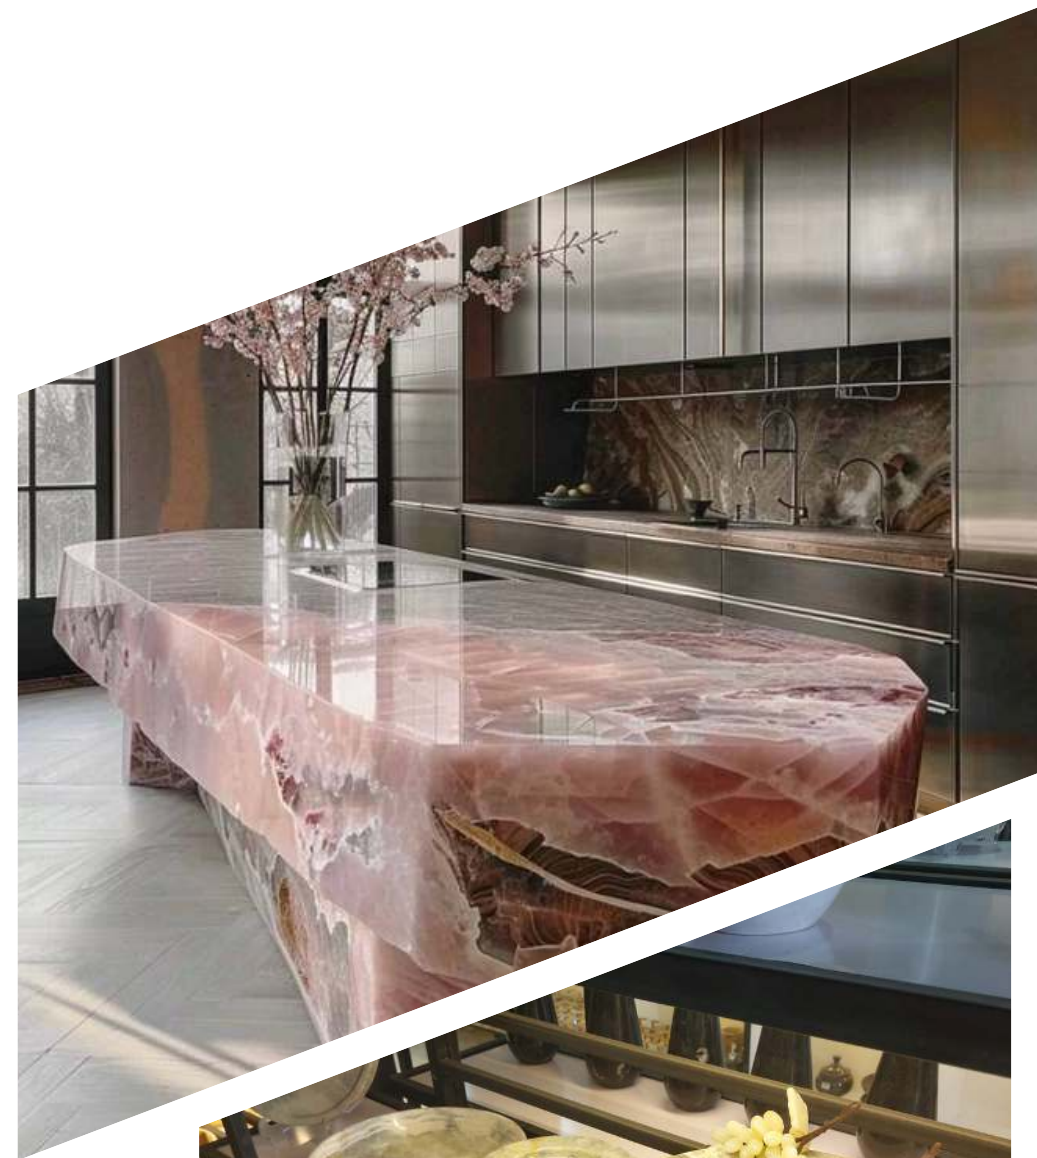

These crystals embody elegance and durability, making them a top choice for prestigious international projects.
